“Brazilian” Bikini Wax... \$65+

Due to popular request, Bamboo Leaf is happy to now offer a Brazilian wax option. For those unfamiliar with it, “Brazilian” waxing in the bikini region removes hair in the front, back and everything in between.

Eyelash Extensions... \$60+

Give yourself thicker, longer, and naturally abundant looking lashes. Our trained professional will apply individual synthetic eyelash extensions directly to your natural eyelash. The result is very natural looking, thicker, longer eyelashes.

Reflexology (1 hr)... \$45

Although it feels great, reflexology is more than a luxurious foot massage.

Our therapist has been trained in the traditional art of applying alternating pressure to reflex points on the feet and hands that correspond to specific organs and systems within the body, with the premise that this stimulation affects a physical change to the body.
